KIDS ON CAMPUS

 NICC Peosta Campus

 July 14-17

 \$ 275

GRADES 2-4

8:30-10 AM

10:30 AM-NOON

1-2:30 PM

3-4:30 PM

ARTFUL EXPLORERS 101774

Sarah, Danielle and Liz Lensen, Local Artists

Do you love to create? Imagine drawing with chalk, molding air-dry clay into unique sculptures and even weaving colorful designs. You'll work on special projects and team up with other artists on bigger creations. Get ready for a hands-on adventure!

FISHING AND POND EXPLORATION 101775

Dubuque County Conservation

Get ready for some hands-on fun at the pond! We'll learn the basics of fishing, but that's not all! We'll use nets to explore and find all sorts of interesting critters, like mayflies and frogs, and use microscopes to see them up close.

PLAY BALL 101776

Corey Harrell, NICC Assistant Baseball Coach

Learn the strategies and skills of softball in a fun and supportive environment. Learn the fundamentals of the game, including batting, fielding, base running and teamwork. We'll also introduce basic game strategies and play fun scrimmages to put your skills into action. Get ready to play ball!

TAKE THE STAGE 101777

Marcus Ingles, NICC Staff

Calling all actors and actresses! Share your dramatic and artistic abilities with others as you develop your character and perform a play...all in a week!! No tryouts necessary...just bring your enthusiasm and energy!

ON TARGET: ARCHERY AWESOMENESS 101779

Tri State Archery

This ancient sport is suddenly popular again, thanks to modern heroes like Hawkeye in *The Avengers*. You will learn to handle a bow and arrow, practice basic shooting form and understand the rules, scoring procedures and etiquette of archery.

INSECT SAFARI 101778

Paul Kimball, Science Guru, NICC Science Faculty

Crawl into the fascinating world of insects with our 'Crazy Professor'. Chase bugs, beetles and butterflies and find out how all sorts of creepy critters live. You'll be surprised by the things you'll learn!

LEGO® MANIA 101780

Verrick Foust, NICC Information Security and FIRST LEGO® Robotics Mentor

Unleash your creativity and engineering prowess in our LEGO® bricks building class. Dive into a world where building blocks become the foundation of your imagination. See if you can complete some challenges and become a Master Builder!

THE TRENDSETTER 101781

Jessica Pfohl Paisley, PS Styling

Do you love fashion? Design your own look and upcycle old styles to make them new again. We will turn last year's look to this year's trend and showcase your creations in your own style show!

COOL CHEMISTRY, LEVEL 1 101782

Paul Kimball, Science Guru, NICC Science Faculty

Our 'Crazy Professor' has been brewing up a few new explosions in his lab. Oops...we mean experiments. Learn how to make slime, identify atoms and molecules and do all sorts of cool stuff that requires the use of safety goggles! (*Goggles are provided*)

CROCHETING: FUN WITH YARN 101784

Marcus Ingles, NICC Staff

Crocheting has taken the world by storm. It's quick, easy to learn, and all you need is some yarn. Before you know it, you'll be making your own blankets and scarves. Make and take home a colorful creation as we learn to crochet amigurumi (stuffed animals)! Be warned: it's highly addictive and you'll love it!

DUNGEONS AND DRAGONS 101785

Joshua Morris, Clarke University Faculty

Are you a fan of movies such as *The Lord of the Rings*, *The Princess Bride* or *Narnia*? Discover how you can create your own unique fantasy script through the gameplay of *Dungeons and Dragons*. Use narrative techniques, such as dialogue, description and sensory language to capture the quests of your character.

MINECRAFT® 101786

NICC Esports Team

Enter the virtual world of Minecraft! Work in 'zones' to solve problems by putting your head together with others'. You'll learn how to get along on a team, collect materials and build structures to complete a variety of interesting challenges.

ANIMAL C.A.R.E. 101789

Kelz Schmidt, Community Youth Enrichment and Animal Enthusiast

Cats, dogs, snakes and more! If you love animals, this session is for you! While sharing the importance of empathy towards all living and non-living things, staff will aid students in caring for and greeting different species of animals! NOTE: if you are allergic to pets, this is not the class for you.

BEAUTIFUL YOU INSIDE AND OUT 101792

Danielle Meyer, Licensed Cosmologist

Learn about fashion, yoga and communication, as well as hair and skin care. You'll get to practice safe manicure and pedicure steps, learn how to do a facial, apply and use makeup and try hair styles. We'll also stress that appearance is only one part of your health and wellness.

HAVE-A-BALL BOWLING 101793

Steven Habel, Round 2

Bowling is a great way to get active and learn a lifelong skill! Have some fun at Round 2 Bowling Lanes practicing to bowl.

UPCYCLED CRAFTS 101795

Amy Sunleaf, Craft Extraordinaire

Want to help the planet and be creative at the same time? We'll learn about repurposing – a fun way to recycle and reduce waste. You'll get to use your imagination to think of new ways to use a variety of interesting objects in this creative, earth-friendly class that only requires one thing: an open mind! If you love to craft and create, this class is perfect for you!

GRADES 5-7

8:30-10 AM

10:30 AM-NOON

1-2:30 PM

3-4:30 PM

3D PRINTING 101798

Verrick Foust, NICC Information Security and FIRST LEGO® Robotics Mentor

Get ready for a fun week of technology! Discover the amazing process of printing three dimensional objects. Additive manufacturing basics and hands-on modeling will be explored.

ON TARGET: ARCHERY AWESOMENESS 101799

See Description Above

ROCKET LEAGUE 101800

NICC Esports Team

Join us for high-flying action, epic goals and fast-paced teamwork as you learn to master Rocket League. Whether you're looking to improve your mechanics, sharpen your strategy or just have fun with friends, this is your chance to level up. Work together, communicate and compete for victory.

THE TRENDSETTER 101801

See Description Above

3D ANIMATION 101802

Dale Campbell, Positive Productions Plus

Are you curious about making cartoons or video games? Then this class is for you! Create characters, objects and environments as you learn essential animation skills. Whatever your imagination can dream up, we will make it!

FISHING AND POND EXPLORATION 101803

See Description Above

PLAY BALL 101804

See Description Above

BEAUTIFUL YOU INSIDE AND OUT 101808

See Description Above

JUNIOR ROBOTICS 101809

Verrick Foust, NICC Information Security and FIRST LEGO® Robotics Mentor

Who likes to build with LEGO® bricks? Campers will build, program and design robots using the LEGO® bricks robotics system. We will build a new robot out of LEGO® bricks and write programs to make the robot complete various tasks. This is a fun introduction to simple machines, robotics and programming!

UPCYCLED CRAFTS 101810

See Description Above

CHESS: CHECKMATE CHALLENGE 101812

Verrick Foust, NICC Information Security and FIRST LEGO® Robotics Mentor

Think fast, plan ahead and outsmart your opponents! Dive into the world of chess and learn key strategies, from powerful openings to clever middle-game maneuvers and winning endgames. Whether you're a beginner or an experienced player, this fun and engaging session will help you refine your tactics while playing plenty of matches and making new friends.

COOL CHEMISTRY LEVEL 2 101811

Paul Kimball, Science Guru, NICC Science Faculty

If you've loved the Cool Chemistry workshop before, you will be 'blown away' in Level 2. There will be more interesting ideas, problems to solve, questions to answer and awesome explosions...uh...experiments!

CROCHETING: FUN WITH YARN 101813
