GRADES 2–4

8:30–10 AM

10:30 AM–NOON

1–2:30 PM

3–4:30 PM

DIAMOND ART 106438

Dawn Szabo, Craft Extraordinaire

Get ready to turn “dots into dazzles!” Do you love stickers, sparkles and making things shine? If you enjoy paint-by-numbers or building with tiny bricks, you are going to love Diamond Art. We'll use special “magic” pens to pick up colorful, shimmering gems and snap them onto sticky canvases. It's super satisfying, totally relaxing and by the end of camp, you'll have a masterpiece that glows!

FITNESS AND FUN 106436

Decorah Parks and Recreation

Spend time outside with your friends (weather permitting) playing sports and outdoor activities like soccer, kickball, football and more. We will focus on skill work, teamwork and having fun! If you enjoy playing outside, smiling and team games that you will want to keep playing the rest of the summer...this is the session for you.

LIFE IN THE ER: SCRUB UP 106437

Emplify Health by Gundersen West Union Area

Are you ready to step behind the curtain and experience the fast-paced world of emergency medicine? Scrub up and join the experts at Emplify Health by Gundersen West Union to explore diverse healthcare careers. Discover the inner workings of the

LEGO® MANIA 106439

Ana Olson-Johnson, South Winneshiek Teacher

Unleash your creativity and engineering prowess in our LEGO® building class. Dive into a world where building blocks become the foundation of your imagination. See if you can complete challenges and become a LEGO® master builder!

OUTDOOR CREATIONS 106441

Gina Mashek, NICC Staff and Craft Extraordinaire

Get ready to get crafty! Do you love making things? Then this class is for you! We'll be building some awesome creations for your yard, like bird feeders and stepping stones! It's going to be a blast!

WILDLIFE EXPLORERS 106440

Winneshiek County Conservation

Embark on an awesome outdoor adventure! Discover the wonders of the natural world alongside experts from Winneshiek County Conservation. Through engaging games and interactive activities, you will learn the secrets of wildlife and the importance of local habitats. Gain practical skills in identifying native animals and understanding the ecosystems they call home. By the end of this adventure, you will be equipped to be a steward of the environment in your own backyard.

BEAT, BALANCE AND MOVEMENT 106457

Kennedy Balk, North Fayette Valley Drill Team

Do you love to move and express yourself through music? Develop rhythm, movement and confidence in this high energy class. Work with new friends while learning basic dance techniques, short step combinations and a fun new routine. It is the perfect way to get moving, build coordination and have fun this summer.

MARIO KART® 106456

NICC Esports Team

Start your engines and get ready to race! Whether you are a beginner or a pro, you will sharpen your critical thinking and quick decision-making skills while navigating the colorful tracks of Mario Kart®. Use teamwork and positive sportsmanship as you compete in friendly group challenges on the Nintendo Switch™. You will learn to handle every curve with confidence and support your fellow racers in a fun, inclusive environment.

SMALL ANIMAL CARE 106455

Ed Wadsworth, South Winneshiek Teacher

Rabbits, chickens, goats, hedgehogs and more! If you love animals, this session is for you! Learn about animals and how to care for them.

BEAUTIFUL YOU INSIDE AND OUT 106458

Janice Ollendick, Cosmetologist

This fun workshop offers a chance to learn about fashion, exercise and hair and skincare. You'll get to practice safe manicure and pedicure steps and try hairstyles. We'll also stress that appearance is only one part of your health and wellness.

PUZZLES, GAMES AND BRAIN TEASERS 106460

Michelle Davis, NICC Faculty Member

Are you ready to challenge your mind and have a blast this summer? Dive into a world of strategic games and mind-bending puzzles. Whether you are collaborating with a team to solve complex challenges or mastering a solo game, you will develop essential critical thinking and teamwork skills in a fun, supportive environment. You will leave with new strategies to solve problems and the confidence to tackle any puzzle that comes your way.

RESCUE SQUAD 106459

Various Local Emergency Personnel

Ever see the inside of an ambulance? Wonder what firefighters do when they aren't at a fire? Not after this workshop! Come explore the safety tools and equipment used by emergency responders. Have a chance to try out some hands-on activities that let you learn about law enforcement, paramedics, and fire fighting. You'll understand how important our emergency responders are and why you might want to be one of them someday.

GRADES 5–7

8:30–10 AM

10:30 AM–NOON

1–2:30 PM

3–4:30 PM

ENGINEERING CHALLENGE 106461

Bev Berns, Keystone AEA

Engineers are GREAT problem solvers and innovators! Use your creativity to design, build and test solutions for a variety of challenges. Using robotics will increase the creativity and fun!

SPIKE ROBOTICS 106463

Steve Larson, Decorah Schools

Build, program and design your own robots using the Spike robotics system. You will explore the fundamentals of simple machines while writing custom programs to help your robot complete tasks and challenges. Gain essential skills in basic engineering, logic-based programming and creative problem-solving.

CROCHETING: FUN WITH YARN 106472

Mary Hageman, Craft Extraordinaire

Crocheting has taken the world by storm. It's quick, easy to learn and all you need is yarn. Before you know it, you'll be making your own blankets and scarves. Make and take home a bookmark or a pot holder as we learn to crochet. Be warned: it's highly addictive and you are going to love it!

IT'S SEW FUN! 106473

Janice Kuboushek, Crafter Extraordinaire

Sewing... it's easy to learn and it's “sew” fun. We'll show you hand-sewing techniques and introduce you to a sewing machine. You'll make a project in class that you get to take home!

SMALL ANIMAL CARE 106474

See Description Above.
