

RADIOLOGIC TECHNOLOGY REQUIREMENTS

Admission Requirements

Placement Assessments.

All students must complete a math and reading placement assessment prior to being accepted. Requirements may be satisfied by college or high school coursework, or completing one of the following placement assessments: ACT, ACCUPLACER, ALEKS or SAT. Students should submit their high school or official college transcripts or assessment results to the Admissions Office for consideration of an assessment waiver. The placement assessment must have occurred within three years of your application date. Radiologic Technology applicants must meet one of the following minimum requirements for math and reading placement:

Math	
ALEKS®	30
ACT®	19
SAT®	510

Coursework.

Completion of the following coursework is required with a minimum grade of C- or better and must have been successfully completed no more than five years prior to the student's application date. For transfer consideration of the following coursework, submit official college transcripts to the Admissions Office for evaluation. It is highly recommended that applicants complete a radiology job shadow. The job shadow should be a total of four to six hours at one or more facilities. To arrange your visit contact the health facility's Human Resources/Education department.

- Human Anatomy and Physiology I with lab component [BIO:168] *Mandatory prerequisite, one year high school biology/chemistry or college equivalent with a minimum grade of C-; or a minimum grade of C- in BIO:112, BIO:157, or CHM:110. Submit your high school transcript to document completion of the prerequisite.*
- Human Anatomy and Physiology II with lab component [BIO: 173]
- Basic Medical Terminology [HSC:117] OR Medical Terminology [HIT:140]

Admission Status

Remediating.

Remediating students have submitted an application to the Radiologic Technology program but have not completed one or more of the admission requirements outlined above. At the end of each semester, admission staff will review academic coursework and document successful completion of the admission requirements for the program. Students with a remediating status are not ranked on the waitlist until all requirements have been satisfied.

Waitlist.

Waitlist students have all the admission requirements completed and are waiting for acceptance into the radiology program. A waiting list is necessary due to limited capacity for program enrollment. Students are ranked on the waiting list based on the date they complete all admission requirements.

Accepted.

The radiology program begins in the fall. Students at the top of the waiting list are offered acceptance into the program and are required to respond by the stated deadline to avoid cancellation of their application. Students who refuse an acceptance offer will be placed at the bottom of the waiting list as of the date the Admission Office receives notice of their intent not to enroll.

Program Costs	RADIOLOGIC TECHNOLOGY
Tuition/Fees	\$15,198 in-state* \$16,986 out-of-state*
Background Check, Drug Test and Medical Document Manager	\$103
Physical Exam/Immunizations (Varies based on health coverage.)	Undetermined
Apparel/Clinical Supplies	\$230

Clinical Transportation (Gas and Lodging)	Undetermined
Books	\$2,080
TOTAL	\$17,767 in-state \$19,555 out-of-state

The costs above are provided as a guide to financing your Radiologic Technology education. The costs provided are estimated at time of publication and do not reflect the exact cost a student may incur.

* Based on the 2021-2022 tuition and fee rates.

Program Requirements

The following requirements must be satisfied prior to the first semester of the Radiologic Technology program at Northeast Iowa Community College (NICC). A student who does not successfully satisfy the program requirements will be placed at the bottom of the waitlist after submission of the required paperwork.

Orientation.

- Attendance at a mandatory clinical orientation. Notice of dates and times (*usually one week prior to the start of the program*) will occur after acceptance to the program.

Trainings.

- Complete the American Heart Association Basic Life Support (BLS) CPR or American Red Cross CPR for the Professional Rescuer certification.
- Mandatory Reporter Child and Dependent Adult Abuse
- NICC HIPAA and Bloodborne Pathogen

Student Health and Background Screening.

- Purchase a CastleBranch package to certify and collect compliance documents required of healthcare professionals.
- Criminal, dependent adult and child abuse background screening
- Physical and immunization records (*Time sensitive, one year expiration*)
- Drug testing
- Provide annual proof of health insurance coverage prior to lab and clinical experiences.
- For more detailed information and instructions visit: www.nicc.edu/programrequirements
