Northeast Iowa Community College
Mission and Vision Statement

Mission Statement
Northeast Iowa Community College provides accessible, affordable, quality education and training to meet the needs of our communities.

Vision Statement
The Northeast Iowa Community College educational community will live the values of service, respect, innovation, stewardship and integrity within a culture of continuous improvement.

Service: Dedication to meet the ever-changing educational needs of our stakeholders
Respect: Recognition of individual dignity by promoting trust and cooperation
Innovation: An open climate fostering collaboration, improvement, & advancement of ideas
Stewardship: Responsible management that sustains resources for the common good
Integrity: Policies, practices, and actions reflecting responsible citizenship

Statement of Non-Discrimination

Northeast Iowa Community College prohibits discrimination in educational programs, employment, and activities on the basis of age, race, creed, color, sex, sexual orientation, gender identity, national origin, religion, disability, pregnancy or genetic information as required by the 1964 Civil Rights Act, Titles VI and VII; the 1972 Education Amendments, Title IX; the Age Discrimination in Employment Act of 1975 (ADEA); the Federal Rehabilitation Act of 1973, Section 504; the Americans with Disabilities Act (ADA) of 1990, Title II; Titles I and V; the Civil Rights Act of 1991, the Genetics Information Nondiscrimination Act of 2008 and the Iowa Code, Chapter 216.

It is also the policy of this District that the curriculum content and instructional materials utilized reflect the cultural and racial diversity present in the United States and variety of careers, roles and lifestyles open to women as well as men in our society. One of the objectives of the total curriculum and teaching strategies is to reduce stereotyping and to eliminate bias on the basis of age, race, creed, color, sex, sexual orientation, gender identity, national origin, religion or disability. The curriculum should foster respect and appreciation for cultural diversity found in our country and an awareness of the rights, duties and responsibilities of each individual as a member of a pluralistic society.

Inquiries and grievances regarding compliance with applicable state and federal laws may be directed to the executive director of human resources, P.O. Box 400, Calmar, Iowa 52132, or to the Director of the Iowa Civil Rights Commission, Des Moines, Iowa, or to the Director of the Region VII Office of Civil Rights, Department of Education, Kansas City, Missouri.
What is a Concurrent Enrollment Course?

Concurrent enrollment, often called dual credit, refers to a course where a student is earning both high school and college credit for a course. The course is usually taught at the high school by a high school instructor who has been approved by NICC according to the requirements outlined in the Quality Faculty Plan. The course length and hours in the high school match the length and hours required at NICC to ensure rigor. NICC offers these courses at no cost to the student and works with high schools to provide programming to meet state and local requirements.

Enrollment in a concurrent enrollment course generates an official college transcript for each student where grades, withdrawals, etc. are recorded. NICC’s Concurrent Enrollment Program is an accredited member of the National Alliance of Concurrent Enrollment Partnerships (NACEP). NACEP is a professional organization for high schools and colleges that fosters and supports rigorous concurrent enrollment. NACEP serves as a national accrediting body and supports all members by providing standards of excellence, research, communication, and advocacy. (www.nacep.org)

Faculty Liaison Program

NICC is proud to have faculty and Deans committed to working with concurrent enrollment instructors to monitor quality, consistency, and curricular alignment of concurrent enrollment courses. Faculty Liaisons serve to assist Deans in improving overall communication and encourage dialogue between NICC faculty and high school concurrent enrollment instructors to benefit teaching and learning.

Faculty Liaison Responsibilities

- Assist in the review of Concurrent Enrollment Course Proposals, Requests for Syllabus, Guides, Textbooks, Resource Support and Instructional Materials.
- Conduct Course reviews and Reports. At the completion of a Course Review, the Faculty Liaison will complete a “Faculty Liaison Course Review Report” (Appendix A) to maintain the alignment of Concurrent Enrollment courses with those taught at NICC.
- Review NICC final exams/projects given in concurrent enrollment courses, where applicable.
- Hold individual or departmental meetings as needed with high school concurrent enrollment instructors.
- Assist in designing and delivering orientation meetings for new high school concurrent enrollment instructors.
- Assist in designing and delivering staff development content/methods workshops for continuing high school concurrent enrollment instructors’ professional development.

If you would like to know who the NICC Faculty Liaison for your course(s) is, please contact Katie Gilbert at 563-556-5110, extension 389 or via e-mail at gilbertka@nicc.edu, your High School Partnerships Director or your department Dean.
Applying to Teach a Concurrent Enrollment Course

**Instructor Credentials:**

Concurrent enrollment instructors are expected to have credentials equivalent to those required of adjunct instructors at NICC, outlined in the Quality Faculty Plan (section 5 of the High School Handbook with guidance and principals at each school.) In many cases, a master’s degree in the subject area being taught or a master’s degree and 18 graduate credits in the subject area is required for Arts and Science transfer level courses. For Career and Technical courses, consideration is given to relevant education and teaching/work experience. Instructor credentials are reviewed by the respective departmental Dean, and high school instructors are welcome to inquire through the NICC High School Partnerships office about required credentials for a particular department before submitting a full application.

**Instructor Expectations:**

- Concurrent enrollment classes are college level courses, and instructors accept the responsibility for maintaining academic integrity and high expectations.
- Instructors agree to keep their course materials and syllabus in alignment with the master course guide and syllabus of the matching NICC course.
- A current course syllabus must be submitted to the Dean’s office EACH semester the instructor is teaching the course for concurrent enrollment using the NICC syllabus template.
- A current course syllabus and course guide must be given to each student no later than the end of the first week of classes.
- Instructors agree to review class rosters at the beginning of the term in NICC’s Web Advisor accessible through MyCampus.
- Instructors agree to publish a grading scale on their syllabus for concurrent enrollment courses and to submit grades online via the NICC Web Advisor accessible through MyCampus.
- Instructors understand that an NICC Faculty Liaison will conduct periodic course reviews and classroom observations. Since concurrent enrollment students receive college credit from NICC, the purpose of these observations is to facilitate alignment of course curricula, learning objectives, and assessment methods. It is also hoped that communication among faculty at our partner high schools and NICC faculty will be beneficial to our mutual educational goals.
- Instructors agree to participate in annual NICC professional development workshops at least once each year. If the College identifies a pattern of absence over a two year period, an NICC administrator will meet with the concurrent enrollment instructor to discuss continued participation in the program.
- Newly approved concurrent enrollment instructors will take part in concurrent enrollment orientation Faculty 101 through the NICC LMS: Brightspace, accessible via MyCampus, prior to teaching a concurrent course at their school.
- Newly approved concurrent enrollment instructors will meet with High School Partnerships staff, their Faculty Liaison and departmental Dean to review their course syllabus, textbook, instructional materials, resources and required responsibilities before instructing an NICC concurrent course at their school.
- All NICC instructors are required to request students complete the NICC end of course evaluation in IDEA each semester for each course they instruct. Surveys are completed online via links sent to students NICC Gmail.
- NICC High School Partnerships relies on school counselors and concurrent enrollment instructors to place students appropriately in concurrent classes. Schools should assess student skill level, knowledge base, and preparation for the level of work required in a particular concurrent enrollment class through the use of required ACT, Accuplacer and/or ALEKS placement testing.
Non-Compliance with Instructor Expectations:

Non-compliance with any of the outlined instructor expectations including annual professional development or concerns identified from faculty liaison course reviews or end of term course evaluations will result in a conference with the departmental Dean. An additional follow-up visit(s) and conference(s) may likely occur during the next academic year. **If non-compliance continues in year two, the instructor’s college instructional assignment with NICC will be terminated.** An instructor may reapply to instruct with the college after a three year period of non-contract, but are **not guaranteed** they will be approved to instruct concurrent enrollment with NICC.

NICC is committed to providing Concurrent Instructors with the resources and/or support necessary to meet expectations. However, NICC holds the right of college course instructional assignment and may terminate an assignment at any time, for any reason, when a violation of college philosophy, mission, values or policy occurs.

Student Eligibility Requirements:

Students must be approved by their high school counselor for admission into concurrent enrollment courses offered in high schools through NICC. Guidelines for student eligibility:

a. The student has a demonstrated readiness to take a college level course.
b. The student meets the NICC eligibility requirements for the course including:
   i. The student has taken any pre-requisite classes **OR**
   ii. The student has demonstrated, through the Accuplacer Placement Test, ACT, or ALEKS, the skills/knowledge necessary for the concurrent enrollment class being taken.
   iii. Students who fail the first course in a sequence (e.g. ENG105, Composition I) are not permitted to register for the subsequent course (e.g. ENG106, Composition II) in the sequence.

How do I initiate a concurrent enrollment course at my high school?

1. Identify A Course

High school instructors identify courses at NICC that could align with the curriculum they are already teaching. For example, many twelfth grade English instructors teaching honors level courses or higher have found that their curriculum is very similar to what we cover in ENG105, Composition I and ENG106, Composition II. If they are willing to make a few changes, they can match our curriculum/course objectives. Students may obtain high school credit for English 12 toward graduation, AND enroll in ENG105 in the fall semester, ENG106 in the spring semester, and earn 6 college credits by the end of the year. The best way to identify a matching college course is to review the NICC Course Guides, available from your High School Partnerships Career Specialist. You may also request a meeting to review potential courses with Missy Hvitved, hvitvedm@nicc.edu 563-562-3263 ext 157; Katie Gilbert, gilbertka@nicc.edu 563-556-5110 ext 389; Marsha Herzog, herzogm@nicc.edu, 563-556-5110 ext 393.

2. Gain Principal or Curriculum Director Support

Once the instructor has identified the course they wish to apply for, they should request the support of their Principal and/or Registrar / Curriculum Director. Costs of textbooks, necessary supplies or
equipment and any unique course requirements should be reviewed in advance with your high school administration.

3. **Apply Online and notify your HSP Career Specialist**

   The application must include all of the following:
   - Application (apply online at [https://nicc.peopleadmin.com/postings/3310](https://nicc.peopleadmin.com/postings/3310))
   - Transcript(s) – Copies for initial review are accepted but **original transcripts MUST be submitted** before approval.
   - Cover Letter
   - Three references

4. **Standards for Review of the Application:**

   The instructor submitting an application must meet the Quality Faculty Plan requirements to instruct with NICC. The instructor will be required to use one of NICC’s approved textbooks, will teach to our Course Guide, including any objectives listed, and match the NICC expectations for this course. In some departments, instructors are required to give the department – approved final exam, or meet the final course requirements such as portfolios, projects or a combination of these.

5. **The Proposal Review process:**

   Once the application and transcripts are received at NICC, the appropriate Dean and Faculty Liaison at NICC will review them. Sometimes there are revisions requested by the Dean and/or Faculty Liaison, requiring additional information to be submitted or revised and re-submitted. Upon approval, an e-mail will be sent to the instructor applying and the high school principal / curriculum director for your records during Iowa Department of Education course reviews. NICC also keeps records instructor audit sheets (and course approvals) in your HR file.

6. **Denial of Proposal/Application**

   When a proposal or application is denied, a letter is sent from the Departmental Dean to the applicant outlining the criteria in the quality faculty plan the applicant must meet. A summary of the information we have received and reviewed is provided. If our information is inaccurate or incomplete, the applicant may provide additional information. An applicant may also reapply once they have met the requirements of the quality faculty plan.

**Course Guide:**

The master course guide is the curricular blueprint for a course to be shared with students. It covers the subject matter including course goals, learning objectives/outcomes, general education emphasis, instructional methods and related principles/procedures that must be incorporated into all sections of the course; grading policy, textbooks, bibliography and other non-print learning resources.

**Specific items included in the Guide are:**

   - Description
   - Common Learning Outcome (CLO)
   - Prerequisite/co-requisite courses
- Standard course policies or requirements: e.g. “during the first week of class, students taking this course must pass an in-class assessment of their writing skills”.
- Course context: A statement of how the course fits into a particular degree program and an explanation of how the course contributes to program outcomes.
- Entry-level basic-skill expectations (reading, writing, math, or other skills/competencies).
- Discipline-specific course objectives: Detail the topics to be covered in the course and the expected learning outcomes related to each topic.
- General education objectives that indicates how the course has been designed to promote specific and significant student learning in the knowledge and skill areas covered by one or more of the college’s general education goals.
- Requirements for satisfactory completion of the course and grading procedures.
- Instructional modes and strategies that may be used in the course.
- Resources – Books, media, electronic databases, instructional technologies, online websites, etc. that might or can be used in the course.

**Syllabus:**

Academic Standards at NICC require each instructor to provide a course syllabus (Appendix B) to each student during the first week of classes. The syllabus will contain specific information about the topics to be covered, dates throughout the semester and the expectations of that instructor, including a grading scale. The syllabus shall contain a course calendar.

The course syllabus is an essential part of the educational process here at NICC and our academic policy requires the distribution of course syllabi to students and the Dean’s Office by the end of the first week of classes. **Concurrent enrollment instructors are required to submit their course syllabus to the Dean’s office at the beginning of each semester that they are teaching that course for concurrent enrollment.** This outline must address certain topics important to student success. In addition, it should be consistent with official course syllabi on file; contact the appropriate NICC Faculty Liaison if you are unfamiliar with the requirements of the syllabus.

You should be aware these syllabi have a reading audience much wider than just your students. Colleagues and administrative staff, both within and outside of the college, read these documents, often in critical academic situations. Program accreditations, transfer evaluations, reviews of course content, and decisions on student grievances are all made through reference to these syllabi. Therefore, your style should be somewhat formal, and your information both accurate and complete.

**Textbooks**

The academic departments at NICC require our concurrent enrollment partners utilize the same textbooks that are being used by NICC faculty. In some cases, academic departments may approve of a different textbook request by the high school for a particular subject area, but a full review of the book must be performed by the Dean and Faculty Liaison. If you would like information on the title, edition, etc. of the textbook, please contact the NICC Bookstore (Peosta: 563-556-5110, extension 206; Calmar: 563-562-3263 ext 238.) Textbook information is also available online at: https://www.nicc.edu/bookstore/. Periodically, concurrent enrollment instructors are to contact the NICC Bookstore to confirm the title, edition, etc. of the textbook currently being used by the NICC faculty for their concurrent enrollment course(s). With the assistance of the NICC Faculty Liaisons, NICC staff will advise concurrent enrollment instructors of any required textbook updates / changes.
**Administrative Procedures**

**The Contractual Agreement:**

In June of each year, the superintendent of each participating school district will receive a contractual agreement describing the concurrent enrollment agreement for the upcoming academic year. High school administrators are responsible for indicating the courses and the semester(s) the courses are being taught (fall, spring) for the upcoming academic year, an approximate headcount in each course, as well as miscellaneous course detail information that may be required. The school board president is required to sign the contractual agreement for the upcoming academic year and return it to the NICC High School Partnerships Office as soon as possible. The NICC Vice President for Learning and Student Success will then sign each contract and a final copy will be mailed to the school district for their records.

**Registration Process:**

Each concurrent enrollment student must complete a registration form unique to their high school and submit ACT, Accuplacer or ALEKS scores, if required, to NICC. Some courses require a prerequisite course or certain score on the ACT, Accuplacer or ALEKS which is indicated on the registration form. Registration meetings are held with students to review NICC policy and expectations. Students must initial that they understand the following statements:

---

**PLEASE READ THE FOLLOWING STATEMENTS CAREFULLY:**

1. Senior Year Plus concurrent enrollment programming (281-IA Code Chapter 22) requires students apply through the community college and the school district for enrollment in a college credit course. The available courses listed on the registration form have been approved by the school board and includes the clock hours, format and eligible hours of college credit a student will receive from the community college upon successful completion of the course. Courses are located within the local high school unless otherwise specified. A student shall not audit a concurrent enrollment course; the student must take the course for college credit. Additional information on Senior Year Plus programming may be found on the department of education website: [http://www.iowa.gov/educate](http://www.iowa.gov/educate) or from the NICC High School Partnerships Office. I have read this information and understand the above student is enrolling in postsecondary courses subject to student policies of Northeast Iowa Community College, available in the high school guidance office and at: [www.nicc.edu/catalog](http://www.nicc.edu/catalog).

2. I understand I am responsible for any additional costs directly related to personal supplies and lab fees. Payment is due prior to taking additional classes. Textbooks are property of the school district and must be returned to the district.

3. I hereby consent to the release of my educational records, including college grade(s) from Northeast Iowa Community College to my parents and/or legal guardians and to high school personnel at the school I am attending.

---

High school counselors are responsible for distributing and collecting registration forms to students during the semester before the semester the course(s) are offered: May for fall term courses and November for spring term courses. Counselors are also able to become an Accuplacer test proctor through a contractual agreement and training with the testing department at NICC and proctor Accuplacer tests for students in the high school. A current contract must be on file to administer and proctor Accuplacer exams.

Registration forms and placement testing scores are due in the NICC High School Partnerships office no later than 5 days after the start of the NICC semester. A timeline is provided to high school counselors and principals each May for the coming academic year. Questions regarding application policies and procedures should be directed to Janet Smith at 563-556-5110, extension 320 or email at smithj@nicc.edu.
**Registration Verification:**

Once all concurrent enrollment student registrations have been processed, instructors in the concurrent enrollment program will be notified to complete the “Registration Verification” and confirm student data on the student class list via the NICC Web Advisor site via MyCampus. (Instructional video emailed each term and via: www.nicc.edu/hstraining) Instructors unable to access their NICC account will need to contact the NICC Helpdesk at 563-556-5110, x 555. For each student, the instructor must indicate if the student is attending or not attending. If a student is attending the class for college credit and does not appear on the class roster, call the High School Partnerships Office (1-800-728-7367, extension 320) **immediately** to resolve the problem.

**Dropping/Adding Students:**

If a student needs to drop or withdraw from a concurrent enrollment course, a written request must be completed to avoid the student receiving an unsatisfactory grade on their official and permanent NICC transcript. An email from the instructor and the counselor must be sent as soon as possible.

A concurrent enrollment student may withdraw from a course without penalty up until 75% of the total course time has elapsed. The student will receive a “W” grade on their transcript. If a student drops within the 100% refund period, the course will not be transcribed and the high school will not be charged for tuition for that course. *(Appendix C)*

**Submitting Grades:**

Concurrent enrollment instructors are required to enter final grades online through the NICC Web Advisor site within one week after conclusion of the course. Only final grades should be submitted. If a student was unable to complete work during the term due to special circumstances beyond the student’s control, an “I” (Incomplete grade) should be submitted in the final grading field along with the final deadline for the student to submit work or complete exams. An Incomplete Contract Agreement Form must be completed *(Appendix D)* and submitted to the respective NICC Department Dean. The deadline may not be exceed mid-term of the following term. If a student failed a course, an “F” should be recorded as well as the final date of attendance in the course. Detailed instructions emailed each term and available via: www.nicc.edu/hstraining

**Changing a Student’s Grade:**

If a grading error should occur, the Grade Change Form should be used to make an official change in the student’s records *(Appendix E)*. Grade Change Forms are also available from the NICC Google Drive site under Shared Files and must be submitted to the Department Dean for approval. Instructors cannot change grades through their NICC Web Advisor final grading account once a grade has been posted for a student.

**Timelines/Deadlines:**

Each semester instructors are provided with deadlines of the last date to add/drop/withdraw (with and without academic penalty), when grades are due, etc. Typically a student may withdraw up to ¾ of the length of the class. The current academic year’s “Timeline for Concurrent Enrollment” may be found in section 3 Timeline and Procedures of the High School Handbook.
Approved Concurrent Enrollment Instructor’s Extended Absence:

In the case that an approved concurrent enrollment instructor will be out of school on an extended leave or illness, the high school principal must notify NICC High School Partnerships immediately. After the notification has been communicated, the high school principal is required to submit the following documents pertaining to the “substitute” instructor for review by the NICC Dean and NICC Faculty Liaison.

- Completed online application
- Transcript(s) – copies of what are on file with the district office are acceptable at this time.

After the above documents have been reviewed, the high school principal and “substitute” will be notified as to whether the “substitute” has been approved by NICC as an adjunct and if the individual will be allowed to instruct the previously approved curriculum for concurrent enrollment. NICC may assist in finding a substitute for the concurrent enrollment course as well, depending upon the circumstances and if a faculty member is available.

**Evaluation of Courses**

The following questions are asked of students in their end of course evaluation each term. We strongly encourage your students to complete their end of course evaluations. This feedback is private and individualized to you however your dean also has access to your end of course evaluations.

**Page 1**

**Q1 - Your thoughtful answers to these questions will provide helpful information to your instructor.**

Q21 - Thirteen possible learning objectives are listed, not all of which will be relevant in this class. Describe the amount of progress you made on each (even those not emphasized in this class) by using the following scale:

- No apparent progress
- Slight progress; I made small gains on this objective
- Moderate progress; I made some gains on this objective
- Substantial progress; I made large gains on this objective
- Exceptional progress; I made outstanding gains on this objective

You may provide your students with class time to complete this survey or give it out as an assignment to be completed outside of class. We ask that students complete a separate evaluation for each course in which they are concurrently enrolled even if the teacher is the same. We also thank them in advance for taking this process seriously and for providing honest, thoughtful, and respectful evaluations.

The results of these evaluations are tabulated in the Dean’s office and the anonymous totals for your classes will be sent to you and the Dean for review.

**Grading System**

At the beginning of the course, the instructor will inform students of the criteria to be used in determining the final grade and publish on their class syllabus.

Concurrent enrollment students need to understand the implications of starting a college transcript:

- Their grades in concurrent enrollment courses become part of a permanent college transcript.
- Poor grades in concurrent enrollment courses could have an impact on college academic standing and eligibility for financial aid after high school.
- Students should be made aware of any differences in the way that final grades will be calculated for their college transcript grade and their high school credit grade.
- Students should understand the difference between cancelling a course and withdrawal from a course and what those calendar deadlines are.

Grades posted to Brightspace and Web Advisor are available to students in Brightspace and through MyCampus in WebAdvisor for Students. Academic Alerts should be issued to assist students in identifying and correcting academic deficiencies.

It is recommended the instructor’s assessment of each student’s achievement should be in accordance with the following four point grading scale unless otherwise specified by your department:

<table>
<thead>
<tr>
<th>Grade</th>

Other Grade Notations
Withdrew     W      --
Incomplete   I      --
Pass         P      --

Other Grade Notation Definitions

W – Withdraw: A “W” grade will be given to students who have officially withdrawn from a class before 75% of the total course has elapsed.

I – Incomplete: An incomplete may be issued upon the student’s request at the discretion of the instructor in situations where a student has not completed the course requirements for medical or personal reasons documented to the instructor’s satisfaction. If the student fails to complete the requirements by the contract deadline, the grade will be changed automatically to an F.

F – Failure: This grade will be given to students who have failed to complete course requirements. F is a failure grade and factors into the GPA.

Note: The most recent grade earned in a repeated course will be included in the final GPA. (The previous course will still be listed on the transcript, but with an “<R” in place of the grade.)

A student may appeal in writing an alleged capricious grade within 45 calendar days following the end of the course in which the grade was assigned.

All grades earned will be included on the student’s permanent NICC record/transcript.

Transferring NICC Credit

Every college and university has its own policies governing transfer credit. Credit is usually accepted on a course-by-course basis and will vary widely at private colleges and those outside of Iowa. In some cases, a college may accept some, but not all, of these credits. The credits that students earn while participating in the Concurrent Enrollment Program are, of course, accepted at NICC.

We recommend that students check with colleges they are interested in to inquire about their policies regarding transfer credits.

Students may request an official transcript by either of the methods below. Transcript requests will only be processed if the request is submitted by the NICC student. Federal law prohibits the release of student information to anyone other than that student.

Note: Please keep in mind that grades for concurrent enrollment courses are posted after the high school semester ends. If a student is requesting a transcript mid-semester, all of their courses/grades may not appear.

Note: Any request for more than five (5) transcripts at one time are subject to a $5 fee per transcript.

Via the Internet:

1. Go to www.NICC.edu/transcript and select the appropriate campus.
2. Fill in all information for each section and submit.

Written Request:

If the student does not have access to the Internet, we must have a request in writing which includes the following information:

- Current name and any previous names
- Student ID or SSN
- Dates of attendance
- Complete address that the transcript is to be sent to
- Dates of attendance
- Your signature
- Current address

Make sure you **sign the request** and fax it to 563-557-0345. You may also mail the request to one of our campus locations below:

Requests will be honored as quickly as possible in order of receipt. Students can expect some delays during peak periods (i.e. registration and end of semester).

**Concurrent Enrollment Instructor Benefits**

NICC recognizes the importance of helping to keep our concurrent enrollment instructors at the forefront of education. We are pleased to be able to provide the following concurrent enrollment instructor benefits:

- Many concurrent enrollment faculty benefit from the programs offered through Career and Technical educators workshops. These apply especially to faculty in elective areas such as business, technology, computers, health professions, industrial technology, agriculture, etc.
- NICC provides guidance to Perkins requirements, IA Department of Education requirements and grant programs and Iowa Code requirements for secondary schools as they relate to Iowa community colleges.
- All concurrent enrollment faculty have access to the NICC library and resources available for check-out. Most library services are available online. We also welcome student use of the library. **We are happy to provide an orientation to our library services upon request.**
- We provide **free training** for any faculty interested in becoming qualified to teach a course online using the Brightspace Learning Management System. If you are interested in teaching an online course for NICC, or just want to explore the Brightspace capabilities, let us know.
- We are happy to host tours of the college for concurrent enrollment faculty and their students upon request. If you would like to visit the college, and / or connect with your on campus Faculty Liaisons or other faculty on campus, please contact the NICC offices at 1-800-728-7367, extension 389.)
- We sponsor Professional Development Days and Appreciation and Awards Dinner for concurrent enrollment faculty, NICC faculty and high school administration.
For additional information on any of these opportunities, please contact High School Partnerships at 1-800-728-7367, extension 389 or visit our website at www.nicc.edu/HSPartnerships

Library Services for NICC Instructors

The NICC Library is located in the Wilder Building in Calmar and main building in Peosta or online at: www.nicc.edu/library. Following is a listing of library services available for High School Instructors. To learn more about each service, please contact the library services.

Academic Integrity and Plagiarism

Issues involving academic integrity, cheating and plagiarism are among the most difficult and contentious problems faculty face today. The library staff is committed to helping you inform students about plagiarism and to help you develop strategies to prevent it happening in your classroom. We also can assist you to verify cases of suspected plagiarism.

Turnitin is an online software program that identifies unoriginal material in research papers and other student work. While an effective tool in verifying incidents of plagiarism, Turnitin also has proved a very effective deterrent. Turnitin provides Training Material for Students, Instructors & Administrators consisting of videos, user manuals and guides. For more information concerning plagiarism or to obtain a password to Turnitin, contact Victor Lieberman at 1-800-728-7367, extension 269.

Assessment

Northeast Iowa Community College is an institution dedicated to continuous instructional improvement as part of our assessment efforts. It is necessary for us to collect and analyze course level data. Data drawn from student work for the purposes of institutional assessment will be posted in aggregate and will not identify individual students. Your continued support in our ongoing effort to provide quality instructional services at NICC is appreciated.

**Course Copyright**
All course materials students receive or to which students have online access are protected by copyright laws. Students may use course materials and make copies for their own use as needed, but unauthorized distribution and/or uploading of materials without the instructor’s express written permission is strictly prohibited. Students who engage in the unauthorized distribution of copyrighted materials may be held in violation of the College’s Code of Conduct, and/or liable under Federal and State laws.

**Netiquette**
The term "Netiquette" refers to the etiquette guidelines for electronic communications, such as e-mail and bulletin board postings. Netiquette covers not only rules to maintain civility in discussions, but also special guidelines unique to the electronic nature of forum messages.

**Accommodation Policy:**
The Americans with Disabilities Act (ADA) provides protection from illegal discrimination for qualified students with disabilities. Northeast Iowa Community College is committed to the equal provision of education for all students. Any student who needs instructional accommodation is encouraged to contact the Coordinator of Disability Services, Peosta Campus, at 563-556-5110 or 1-800-728-7367, ext. 280 or Calmar Campus, at 563-562-3263 or 1-800-728-2256, ext. 258.

**Statement of Non-Discrimination**
Northeast Iowa Community College prohibits discrimination in educational programs, employment, and activities on the basis of age, race, creed, color, sex, sexual orientation, gender identity, national origin, religion, disability, pregnancy or genetic information as required by the 1964 Civil Rights Act, Titles VI and VII; the 1972 Education Amendments, Title IX; the Age Discrimination in Employment Act of 1975 (ADEA); the Federal Rehabilitation Act of 1973, Section 504; the Americans with Disabilities Act (ADA) of 1990, Title II; Titles I and V; the Civil Rights Act of 1991, the Genetics Information Nondiscrimination Act of 2008 and the Iowa Code, Chapter 216.

It is also the policy of this District that the curriculum content and instructional materials utilized reflect the cultural and racial diversity present in the United States and variety of careers, roles and lifestyles open to women as well as men in our society. One of the objectives of the total curriculum and teaching strategies is to reduce stereotyping and to eliminate bias on the basis of age, race, creed, color, sex, sexual orientation, gender identity, national origin, religion or disability. The curriculum should foster respect and appreciation for cultural diversity found in our country and an awareness of the rights, duties and responsibilities of each individual as a member of a pluralistic society. Inquiries and grievances regarding compliance with applicable state and federal laws may be directed to the executive director of human resources, P.O. Box 400, Calmar, Iowa 52132, or to the Director of the Iowa Civil Rights Commission, Des Moines, Iowa, or to the Director of the Region VII Office of Civil Rights, Department of Education, Kansas City, Missouri.

APPENDIX C

TUITION REFUND

Students who wish to cancel their registration must notify the Registrar’s Office before the first day of the term or class to avoid tuition/fee assessment.

Students who withdraw from NICC or drop a course scheduled from 12 to 16 weeks in length, may be eligible for a tuition refund. Tuition refunds are calculated based on the start date of the course, up to the third week regardless of the number of class meetings during the term in accordance with the following schedule:

1-5 days…………….100% tuition & fees
6-10 days…………….50% tuition & fees
11-15 days……………25% tuition & fees

Refunds on courses shorter than twelve weeks in length will be prorated as follows:

8-11 week courses:

1-3 days…………….100% tuition & fees
4-7 days…………….50% tuition & fees
8-10 days……………25% tuition & fees

4-7 week courses:

1-2 days…………….100% tuition & fees
3-4 days…………….50% tuition & fees
5-6 days…………….25% tuition & fees
APPENDIX D

INCOMPLETE CONTRACT AGREEMENT

Calmar/Peosta

INSTRUCTIONS – After obtaining the student’s signature, the instructor should make a copy for themselves, give a copy to the student, and submit the original to the Registrar’s Office. The Registrar’s Office will not accept an “I” mark unless the form is submitted. If a final grade is not recorded, and the Incomplete Contract Agreement is not submitted, the Department Dean will assign a grade of “F” for the student. If the student has not signed the form, the Registrar’s Office will mail a copy of the unsigned form to the student who will be given until midterm of the following semester to refuse the Incomplete and contact the instructor to request that a grade be submitted to the Registrar. If a student is granted an Incomplete for a course that serves as a prerequisite for an advanced level course, they will not be allowed to enroll in the advanced course until the incomplete grade is resolved.
